

Labelling and Safety Solutions

Bespoke Netting Solutions

Our bespoke safety netting solutions are designed and manufactured to ensure all the safety elements of your customers requirement is met – you can feel safe in the knowledge they are getting the right safety solution at the best price.

We will carry out a free site survey – making the necessary evaluations and measurements, to guarantee a quality and lasting enhanced safety netting solution.

Detailed drawings will be supplied to ensure your customers requirements have been met, the solution will be tailor-made off site, ensuring a speedy fit to reduce on-site downtime. All parts (Nets, Cables & Fixings) are tested to withstand high impact loads (Not tested for fall arrest) – giving you and your customer confidence that all products we use are fit for purpose.

Installation is carried out by trained and regulated installers under the watchful eye of the Project Manager, this ensures that installation is carried out effectively and in within the timescale agreed!

We are able to design and make a variety of net solutions within the warehouse and manufacturing areas, two examples of which are highlighted below – if you customer requires a specific or unique safety netting solution of any description give us a call to discuss the requirement.

Bespoke Conveyor Catch Net systems

Designed to prevent product falling from conveyors on to pedestrians.

Warehouse Divider Nets

Designed to prevent stock falling into walkways on to pedestrians.
